

Inspection, Measuring, and Testing Equipment (IMTE)

In order to provide you the best service possible, we must have certain key pieces of technical data about your IMTE. Below is a table illustrating the type of information we will need in order to complete the quote, calibration, and final certificate of calibration.

We must have this data to:

- Create an accurate quote (Without it the fees quoted will be subject to change and the invoice will not match the quote.)
- Schedule On-Site Services (Required to enable us to determine what master equipment we must bring to your facility.)

➤ **PLEASE SUBMIT ASAP!** We appreciate your understanding and time it takes to obtain this data. Thank you very much!

Gage ID / SN	Description	Mfr	Model	Size / Range	Accuracy	Resolution	Cal Interval (mos)	Accuracy Derived? (OEM, Customer Spec, or Nat'l Std)	ISO 17025 Accredited Certs Rqrd?
<i>Example:</i> G-00001	Digital Caliper	Mahr Federal	EX 16	6"	0.0015"	0.0005"	6	OEM	No

(Make as many copies as you need for the number of instruments you need calibrated.)
